Dear Parents,

South School has been selected again to participate in the Fresh Fruit and Vegetable Program. The FFVP is funded by the U.S. Department of Agriculture and is administered by the Maine Department of Education.

A fresh fruit or vegetable snack will be provided for students approximately twice a week. Snacks will be served in the afternoon. The FFVP is an excellent way to enhance other wellness programs in the school that promote health, nutrition, and physical activity.

The main goal of the FFVP is to increase the fruit and vegetable consumption of K- 6th grade school children. In addition to providing fresh fruits and vegetables, another goal of this program is to provide nutrition education to the children. Please continue to talk with your children about the healthy choices they receive at school.

If you have any questions about this program, please contact me at lbutler@rsu13.org or (207) 701-9330.

Sincerely,

Linette S. Butler, FSD
