South School After School Program

Your child will learn, grow and thrive by participating in the Penobscot Bay YMCA Child Care Program. Children are encouraged to learn new skills and freely express themselves while exploring their environment. Our dedicated teachers are partners with parents and other caregivers, working together to fully support your child's individual needs.

SCHOOL AGED CARE

Your child will have the chance to express their talents creatively and physically, while taking advantage of all the Y has to offer. Our before and afterschool program provides a caring environment to challenge children, while allowing youth to feel ownership of the program.
